THE Jackson scandal, the particulars of which we publish on the third page, carries a lesson with it that should not be lost upon religious bodies and congregations. The minister Hinkle, whom Mrs. Newman charges with her seduction and ruin, our special states, was imported into this State with grave charges of a similar character hanging over him. Such a man should not be employed in an office so sacred as that of the ministry, which invites the confidence of men and women, as many believe, with the voice of God. A minister with a besmirched reputation is like a woman marked with the brand of ruin. He has forfeited all title to the confidence of the people, and should step down and out as unworthy of exalted station and secred trust. Hinkle should at once be presented to the Standing Committee of the Diocese and to the Bishop with a ure view to his removal from the office of the ministry forever.

THE election of the Democratic ticket in this county on Tuesday last by so decisive a majority is most gratifying alike to the party and the nominers. It was achieved by but little effort, and in the teeth of a seeming indifference on the part of the great majority of the people, and is all the more to be prized on that account. It is plain proof that with the right kind of men the Democratic party may always be sure of Shelby county. The members elect of the Legislature are, nearly all of them, men of some experience in the public service and can easily be depended on to give special attention to the affairs of the District, which will for the most part claim their care. The budget, an amendment to the Taxing District charter restoring to us the name of Memphis, a Water Works act, and another for the extension of the District limits, and still another for the sale of the City Hospital grounds or for for their conveyance to the city in fee simple for the purposes of a public park, are among the questions that will engage their attention. Memphis is growing rapidly, and needs legislation to help in her development and looking to her possible growth in the future. We want liberal legislation, that will encoursge settlement and growth and invite capital and mechanical and manufacturing enterprices. Important as is the work of Congress, it is not an eighth as much so to us as that of the State Legislature, whose laws reach to every man's pocket and touch every interest. Messis Clapp, Lynn, Montedonico, Harrell, Allen and Davis have hard work before them and a progressive people to please, who will watch every move-ment they make with the personal interests of citizens whose immediate servan's they are.

THE whole Democratic party of the Speaker Carlisle has been defeated of re-election in the Sixth Kentucky Congressional District. No man in either branch of Congress was so wall equipped for the duties of legislation as he. A zealous Democrat, he was a fear'esa defender of the history and principles of the party, and an especial champion of the free trade doctrine that distinguishes it in so marked a degree from the Republican and antecedent parties. Mr. Carliele is in the best sense of the term a statesman. No man in the Senate or House has approached the consideration of great questions of public policy with the same high sense of responsibility, or the same single hearted determination to subserve the best interests of the whole people. The fundamental principles of our form of g vernment that are so generally ignored by public men were his guides, and he
suring the return of a Republican Governor, that body being Republi-can by 29 on jaiot ballot. A Republiconsequently always spoke as a man fresh from the people, by whose consent the government exists. It is because he thus adhered to the higher law, the reserved rights of the people, so sacredly guarded by the Constitution, that he has been stricken down by the power that, with the countenance and consent of the Republican party, has been robbing the people and fattening by means of class legislation. The monopolists have thus "shown their band." They have defeated Carlisle, the pure and exalted public man, to whom law is supreme, and they have defeated Morrison, whose sturdy and persistent advocacy of free trade made him the leader of the House and the very personification of the people's will in opposition to the selfish and destructive legistation of the monopoly-conserving Republican party. Reaching out after Carlisle in Kentucky and Morrison, of Illinois, they defeated Frank Hurd, of Ohio, by the way, and attempted the destruction of Springer of Illinois, another noted free trader. Is not a war se offensive an invitation to destruction? With the instructive figures of Henry George's vote in view, does it not seem a very access of foolishness for a class fattened by unconstitutional legislation thus to invite the extreme of legislation according to the Democratic doctrine of free trade? But that saide for the present, the fact stares us in the face, and is most unwelcome, that the Democratic party is to lose the services in the House of Carisle and Morrison, the one the Speaker, shaping legislation by his committee appointments, and the other the leader upon the floor, steadily defending that Democratic doctrine that, nearest to the genius of the Constitution, has survived the perils of so many years and changes. Whatever the gains in numbers, they cannot make up for a loss so serious, they cannot console the country for the silence thus put upon two of its ablest public men and most sealous and industrious public servants. The defeat of Car-

Frank Hurd's Defeat in the Toledo District Explained-The Close Vote in Massachusetts.

OHIO.

Tolkno, O., November 3.—The ma-jority of Romeis in the Tenth Ohio

Congressional District will be about 1500. Frank Hurd accepts his defeat gracefully, and left today for the mineral springs at Mt. Clemens, Mich., as he is suffering from a rheumatic attack. From there he goes to New York. He admitted to a reporter today that his crushing defeat closes his political career in Toledo, and intimated that he might in the fut-ure try for a Congressional nomination in a New York City disrict. Hurd has been eight successive times the Democratic candidate for Congress in the Toledo District, and has been three times elected. Beginning with defeat, he has been successful every alternate time until the present election. His political methods have been calculated to punish those of his own party who opposed him, and this has bred as eadily growing epposition, which at this election grew so great that it gave Romeis, his opponent, a majority of 1500, in a district which yesterday gave a majority fully as large for the Democratic State ticket. There has been too a decline in extreme free trade views among the voters of this district, and this feeling was so marked that Hurd, in a campaign speech in this city last Saturday night, disclaimed ultra views and planted himself squarely on the tariff plank of the Demogratic State platform, which declares for a revenue sufficient for the needs of the government, economically administered. The protectionist Democrats, however, put no faith in this, pointing to the fact that Hurd has been for years one of the leading lights of American free traders, is an honorary member of the Cobden Cub, and at the Chicago free trade convention last November, read a paper expressing the most radical

views. A third element of dis-satisfaction with Toledo people is that Hurd's residence here is purely technical. He is not a married man and stays in Toledo only a few weeks each year, and that at a time when a political campaign is going on. A cry was raised against him for being a non-res-ident, which had considerable effect. Personally Mr. Hurd is held in the highest respect for his brilliant talents and the Democra's who have been his most ardent supporters deeply regret his expressed determination to retire from Toledo politics.

ARKANSAS.

[SPECIAL TO THE APPEAL.] LITTLE ROCK, ARK., November 3.— Unexpected apathy is reported as being predominating among constitu-ents in all the districts of this State at the Congressional election of yester-day. Not more than 60 per cent, of the Democratic strength was brought out in any of the districts, but Dunn, of the First; Breckenridge, of the Second: McRae, of the Third: Rogers, of the Fourth, and Peel, of the Fifth District, are all elected by good ma-jorities. Langley, Judge Rogera's op-ponent in this district, developed considerable strength in the same counties, carrying this and Johnson county by small majorities. Ivadequate telegraphic communication in the interior counties will make it several days before the result of their vote can be learned.

This, with their majority in the Senate, will give them nearly 35 on a joint ballot, a loss of about 25 as compared with 1884.

MISSOURI.

St. Louis, Mo., November 3.-Glover is re-elected by about 100.

NORTH CAROLINA.

RALBIGH, N. C., November 3 .- The latest returns from the First Congressional District indicate the election of Latham, Dem. The Second District is still in doubt; in the Fourth Nicholas, Ind. Kep., is elected, and in the Fifth Brower, Rep. The Republicans and Independents have made large gains in the Legislature.

NEW YORK.

ELMIRA, N. Y., Nowember 3,—Com-plete returns from the Twenty-Eighth Congressional District show the election of Flood, Rep. ALBANY, N. Dr. Swinburne, the defeated Republican candidate, says he will contest the seat on the ground of fraud in West Troy, where Kane lies.

NEW JERSEY. New York. November 3.—The returns from New Jersey shows that Robert S. Green, Dem., for Governor, has between 9000 and 10,000 majority, nine Republican and five Democratic Senators held over, making the next Senate eleven Republicans and ten Democrats. Last year the Sanata was composed of fourteen Republicans and seven Democrats. The latest returns indicate that the Republicans bave carried twenty-seven Assembly districts and the Democrats thirtythree. Last year the House of As-sembly was comp s d of thirty-one Republicans and twenty-nine Democrats. The next Legislature will elect a successor to Unit-d States Senator Sewell. The Democratic State Committee claims the Legislature by a majority of three on joint ballot, thus securing the election of a Democratic United States Senator. The Republicans contend that the Legislature will have a Republican majority of one on joint ballot. The Democratic State Committee claim that Green is elected Governor by about 3000 plu-rality. The Republicens elect five Congressmen and the Damocrats two ongressmen and the Democrats two ongressmen and the Fourth District and tor 123.

The indications are that VanBuren to 123. McAdoo in the Seventh. Word was received here this evening that Flick, Republican candidate for Congress in the Second District, is elected by a small majority. Goff's majority over Brannon is conceded to be about 1000. Goff is for Congress from the First District.

Later About Carlisle-Some Hope, CINCINNATI, O., November 3 .- Daspite Mr. Carlisle's waning hopes this afternoon, encouraging returns have begun to come in. Kerton and Camp-bell counties gave 1907 majority against him. The Sun has spec als indicating the following majorities for Carlisle in the remainder of the district: Pendleton county 401, Grant 400, Gallat n 350, Carroll 400, Tremble 300, Boone 300, total 2051. This showing leaves Mr. Carlisis a ma-jority of 84 in the district, and it can readily be seen that the official count will have to decide it.

How Carlisle's Defeat Was Taken in Louisville,

LOUISVILLE, KY., November 3 .- The city and State has been in a fever of excitement all day over the close and doubtful election results and the Courier-Journal and Times buildings been surrounded by anxious crowds who eagerly read the hourly editions. The receipt of the announcement of John G. Carlisle's defeat was a great surprise, and for a long time was not credited. Expressions of regret and sorrow were heard from every side that the Speaker's district had not returned him to Corgress. Some even went so far as to say they had rather lose every district in the State than John G. Carlisle. Courier-Journal special at 6 o'clock p.m. stating that later returns would elect Carlisle by about 800 majority was received with great cheering, and there is yet a cherished hope that Carlisle is elected. The Covington Com-monwealth is the authority for the statement of Carlisle's 800 majority. In this (the Louisville) district there was a disaffection in the party.

SOUTH CAROLINA.

CHARLESTON, S. C., November 3.— The Independent tickets are defeated in Christerfield and Burkely, and El liot, Dem., is apparently elected in the Seventh District, giving South Carolina a solid Democratic delegation in the next Congress.

VIRGINIA.

RICHMOND, VA., November 3.—All returns received today serve only to emphasize the defeat sustained by the Democracy of Virginia yesterday. There has been a great falling off in their vote throughout the State, and their losses in all districts have been almost phenomenal. Of ten districts in the State, the Republicans carried 6, the Democrats 3, and the Labor party 1, being a net loss of five Congressmen to the Democrats. The Virginia delegation in the next Congress will be as follows: First District, T. H.B. will be as follows: First District, T.H. &.
Brown, Rep.; Second, George E. Bowden, Rep.; Third, George D. Wise,
Dem.; Fourth, Wm. E. Gaines, Rep.;

Hamilton County. SPECIAL TO THE APPEAL.

CHATTANOGA, TENN., November 3. Reports received from every county in the district indicate Neal's election by from 500 to 600 majority. He lost beavily in Rhea county, and only the noble work of the Hamilton county Democracy, where there was a Republican loss of 800, saved him from defeat. In Bradley county Alf Taylor received a majority of 406, Wilder 372. In Bledsoe the Republican majority will be 100, a Democratic gain of 50. Benton County.

[SPECIAL TO THE APPEAL.] VOIDTON, BENTON COUNTY, TENN., November 3.—Our election passed off quietly yesterday with large Demo-cratic gains. Following is the vote esst in this (Ninth) district: R. L. Taylor 109, B. A. Ealce 113, H. C. Townes 114, J. K. Wheatley 114, A. A. Taylor 66, Hawkins 67, Farmer 67, Alsup 61. This district has always given a large Republican majority but gave 56 majority for the white rose this time. Townes has beat Farmer in his own county for the Scoate, and Wheatley (Dem.) beats Alsup (Rep.) badly for Representative of Benton county. The Republicans are badly cut down over their great loss in this district. Success to the APPRAL.

Dyer County,

ISPECIAL TO THE APPEAL. ! DYERSBURD, TENN, November 3.— Democracy in Dyer county is victorious. The whisky bolters went down yesterday in the race for Representa-tive, and their defeat in the Senatorial and Floaterial contest is almost certain. J. N. Parker's majority over bolter Fowlkes will be from 125 to 150 votes. Republican J. L. Sinclair is sandwiched between the regular nom-ince Parker and bolter Fowlkes. County returns nearly all in, Official vote for Governor, as far as heard from, as follows: Bob Taylor 1404, All Taylor 689; for Congress—P. T. Glass (Dem.) 1396, D. A. Nunn (Rep) 679. Only three small precincts in county to hear from. Hurrah for the Democracy of Dyer county! We rejoice to proclaim the inglorious defeat of the bolters. The Democracy of old Dyer has withstood a terrible test, to wit: the struggle for life of men who are more more devoted to anti-pro-hibition than to Democracy, and glad-ly do we record the fact of the con-stancy and myielding fidelity of the Democrats of Dyer.

[SPECIAL TO THE APPRAL.] Newsken, Tenn.! November 3.— Everything passed off very quietly here yesterday, but all parties worked most vigilantly—decidedly more so than ever before in elections. The Republicans make a gain of 40 votes over the election two years sgo at this box, and a decided gain is given them in the county. However, the Democrats have kept pace with the times. While the fight has been bitter and strong, the regular ticket will be elected by some 2000 votes. All the districts have been heard from except three, and they will not materially change the result. The supporters of the bolters are down in the mouth and grieving over their lost spoils, many of them having wagered all their money on the Independents. The Fowlkes men have nothing to say, while the Parker men are jubilant and exultant and the greatest enthusiasm prevails among them.
